The husk chambers Zaccaria, models CFZ-7000 and CFZR-6000/7000, separate the husk from the paddy rice efficiently.

The technical specifications, quality construction and sturdiness makes the CFZ chambers are considered the best on the market.

The models CFZ-7000 and CFZR-7000 are offered in carbon steel and stainless steel.

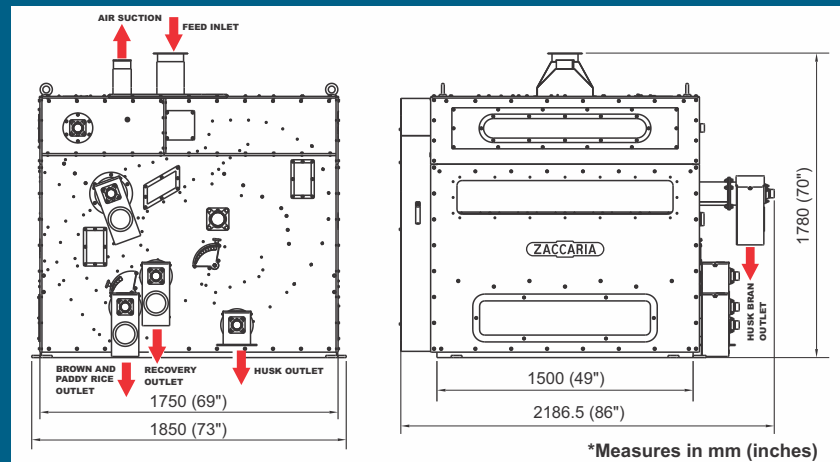

Model	Power/ Poles	Paddy rice inlet capacity (kg/h)	Air outflow required for the section chamber (m <sup>3</sup> /min):	Approximated volume packaged (m <sup>3</sup> )	Approximated weight packaged (kg)
